Dear Ms Issie Erlank

**Mechanical Performance Testing of Dangerous Goods Packaging for
Transportation by Air**

It is hereby certified that Ten-E Packaging Services South Africa (Pty) Ltd is authorized to undertake mechanical and construction specification testing of dangerous goods packaging intended for transportation by air.

The mechanical testing of packaging in terms of this authorization shall be conducted in accordance with Document SA-CATS-DG 92.00.10 (2) read with the Document 9284-AN/905 International Civil Aviation Organization Technical Instructions for the Safe Transport of Dangerous Goods by Air.

The authorization is subject to the following conditions:

1. That the testing facility remains accredited by the South African National Accreditation System (SANAS).
2. The tests are carried out in accordance with the requirements of the International Civil Aviation Organization Technical Instruction for the Safe Transport of Dangerous Goods by Air.
3. That SANAS and South African Civil Aviation Authority will conduct audits on the testing facility.
4. That the testing facility issues certificates only to manufacturers with an approved quality control system in place.

This authorization remains valid until 13 December 2021 or revoked by the South African Civil Aviation in the event of non-compliance with the applicable regulations.

It is the responsibility of the testing facility to notify the Authority of any modifications or changes to ensure the validity of this authorization.

Regards,

Mr Luvuyo Gqeke
Executive: Aviation Security
